Dr. Yuval Levy (R), a member of an Israeli military medical team that treated earthquake victims in Haiti, holds hands with Woodley Elize, a 6 year-old Haitian boy expected to undergo heart surgery in Israel, upon their arrival from Haiti at Ben-Gurion International Airport near Tel Aviv January 28, 2010. Prime Minister Benjamin Netanyahu said on Thursday an Israeli army field hospital that treated earthquake victims in Haiti had given Israel an image boost, after allegations of war crimes in the Gaza conflict.
