Last evening the SACH Team as well as members of the Israeli Embassy and the China Friendship Association with Foreigners, who traveled to Shijizhuang for the opening of the SACH Art to Heart Photography Exhibition, were warmly greeted by the Vice President of Hebei Provincial Government Sun Shi Bin, Director General of the Hebei Hospital Yang Xin Jian and our host Dr. Li Jiang, Director of Hebei Children's Hospital.

This morning was the Grand Opening of the Art to Heart Photography Exhibition. There was an exchange of warm and informative words by Representatives of the Hebei Provincial Government and the Hebei Friendship Association for Foreigners. Guy Kivetz, the Press Attaché of the Israeli Embassy in Beijing related the SACH Story in a very interesting and informative way.

The celebration of cutting the red ribbon was accompanied by blasts of confetti.

SACH Executive Director, Simon Fisher, accompanied Sun Shi Bin through the exhibition. Simon personally explained the SACH Story as told through the eyes of the seven photographers who contributed to this amazing show which is traveling around the world stunning audiences where ever it is shown.

Soon there will be last examinations, equipment will be packed and after one more evening here in Shijizhuang we will travel to Beijing and then home to Israel. It has been a week of hard work and little rest. Every member of the team has given his all and then more. We thank the staff and our many friends at Hebei Children's Hospital, both on the ward and in the operating theater. You have been invaluable. We thank the SACH Staff one and all for being the heroes that you are and we thank our hosts Dr. Li Jiang and Dr. Jiang Ming for making this visit possible.

Regards,  
Sheila
